

T5300B

SENSIBLE SYSTEM ESSENTIAL PERFORMANCE

Built to get the job done with less hassle, the John Bean® T5300B is a powerful machine that performs core tyre-changing duties with ease.

Utilising a proven tilt-tower design, the T5300B provides ample clearance to easily load tyres onto the turntable. The T5300B uses an ergonomically positioned pedal that operates a powerful, easy-to-operate bead breaker shovel to break the bead on traditional high-aspect tyres easily.

Practical and effective, the T5300B is a tilt-tower tyre changer that is capable and ready to go to work.

TILT-TOWER TYRE CHANGER

TILT-TOWER

The pneumatic Tilt-Tower post provides maximum clearance for installing the tyre on the turntable.

ON-FLOOR BEAD BREAKER (PEDAL-OPERATED)

Traditional side-shovel bead breaker with ergonomic pedal-control positioned away from the shovel; the fastest solution for standard, soft sidewall, and high-aspect tyres.

TOP-SIDE BEAD SEATER

This ergonomic hand-held nozzle injects a high-speed blast of air into the tyre to raise the bead and seal the tyre to the rim.

WHEN GOOD ENOUGH ISN'T ENOUGH, JB.

JohnBean®

T5300B

TECHNICAL SPECIFICATIONS

Max Rim Diameter	22" 56cm
Max Tyre Width	13" 33cm
Max Wheel Diameter	39" 100cm
Power Supply	400V 3ph 50Hz 5,5A
Air Pressure Required	116-174 PSI 8-12 bar
Dimensions HxWxD	63"x73"x35" 160x85x90cm
